# April: LIVE TO GIVE

## Live to Give

"A fellow who does things that count,  
doesn't usually stop to count them."

~ Albert Einstein

**LIVE TO GIVE** teaches that life's abundance moves in cycles. In order to receive love, respect, kindness, etc. one must be willing to give those things to those around them. This Mindset shows that living to give requires one to stretch themselves, make a difference and receive gracefully, and by doing so, a legacy will be created for others to follow.

### 4 Key Components in this Mindset include:

- Stretch Yourself
- Make a Difference
- Receive Gracefully
- Create a Legacy
