Media Consent Form

In compliance with State law (A592), the **Media Consent Form** must be completed for each student in our school district. This law prohibits dissemination of student personal information without parent consent.

This parental consent form serves to both inform you and request permission for your child’s photo/image/video and personally identifiable information to be published on the district, school, and/or class websites and social media.

As you are aware, there are potential dangers associated with the posting of personally identifiable information on a website since global access to the Internet does not allow us to control who may access such information. For this reason, the law requires that we ask for your permission to use information about your child. Although as a school district we like to celebrate the successes of our students, the posting of photos/names/videos is ultimately an individual decision made by parents.

Pursuant to law, we will comply with the level of permission that you indicate below regarding publishing information about your child on our websites and social media. If you, as the parent or guardian, wish to rescind or amend this agreement, you may do so at any time in writing by sending a letter to the principal of your child’s school. Such changes will take effect upon receipt of written correspondence by the school.

Check one of the following choices:

I/We GRANT permission for this student’s photo/image/video and name to be published on district sites, social media (Twitter, YouTube, etc.).

I/We DO NOT GRANT permission for photo/image/video that includes this student to be published on district sites nor social media.
