Wall, NJ 07719

Dr. Tracy Handerhan
Superintendent of Schools

March 15, 2024

Dear WTPS Community:

As you are probably aware, our extended weather forecast is looking favorable. You may also be aware that the District has built in 3 emergency closing/"snow" days in this current year's calendar. To date, we have only used 1 "snow" day. If the mild weather continues, I will ask the Board of Education to approve a calendar revision at the March 26th Special Meeting. The proposed revisions will be as follows: Friday, March 29 (no school) and Friday, May 24 (no school). I am sharing this information with you at this time because March 29th is on the heels of the March 26th meeting and families may need advanced notice. In the event, there is an emergency/snow closing between March 27th and May 23rd, school will, once again, be in session on Friday, May 24.

I hope that you and your families have a wonderful weekend.

Sincerely,

Tracy R. Handerhan
Superintendent of Schools
