Integrated Pest Management Plan
Wall Township Public Schools
School Year : 2023-2024

1) District IPM Coordinator

Name: William Van Syckel
Title: Facilities Manager
Telephone Number: 732-556-2029
E-Mail Address: wvansyckel@wallpublicschools.org

2) District IPM Team

Facilities Manager / IPM Coordinator
Principals /or Designees
Assistant Principals
Pest Control Contractor
Custodial Supervisors

3) District Goals

The Wall Township Public Schools strives to provide safe and clean facilities for the school community. The Wall Township Public Schools manages pest activity in accordance with the NJ Integrated Pest Management Act.

All efforts will be made to minimize a pest population by using integrated pest management procedures (non pesticide methods). All efforts will be made to provide the school community with all required documentation and information relating to pest activity and pesticide applications on school property.

4) School Pest Problem(s) Description

The Wall Township Public Schools has historically treated to control the following pests: Ants, roaches, bees, hornets, knot weed, broad leaf, mice, and crabgrass.

Problematic Areas:

Kitchens, cafeterias, and athletic fields

5) Inspection and Monitoring by School Staff

Annual Inspections: Our IPM Coordinator along with the contracted pest management contractor and other appropriate school staff such as our custodial supervisors will perform a thorough inspection annually; this is in the effort to identify problems and corrective actions needed to prevent and/or manage pest infestations.

The IPM Coordinator will work with the principals and the district exterminator to identify conditions that are contributing to our pest problems. The Exterminator will make recommendations to the IPM Coordinator of the corrective actions to be taken.
