December 14, 2022

Dear WTPS Family:

I would like to thank the residents of Wall Township who made their voices heard yesterday at the polls. As we examine the numbers today, the results appear favorable. We will remain cautiously optimistic until all votes are counted. Continued election reporting can be viewed on the [Monmouth County Clerk's website](#). The count on this site includes mail-in ballots that were received by the day of the referendum. As the site indicates, mail-in ballots that were postmarked by December 13 and received by December 19 will be counted after validation and verification by Monmouth County election officials. We expect election certification before the end of December. We eagerly await the completion of this process.

Please note that our detailed referendum website, www.wallpublicschools.org/vision, remains active and we will continue to update as new information becomes available.

I wish you and yours a wonderful evening.

Sincerely,

Tracy R. Handerhan, D. Litt.
Superintendent of Schools
