## 14. Application for Grant Funding Only

**Complete this section only if you are a Regular Operating District requesting consideration for grant funding.** The previous process for grant funding allocations has changed significantly. **For a school facilities project to be considered for grant funding, the proposed scope of work must be 100% eligible for State support and be included in one of the priority "levels" described in Section 12B.** If the project scope is not 100% eligible for State support and/or the scope of work is not included in one of the three prioritization levels, the project will not be considered for grant funding. However, a district may request debt service aid if the proposed scope of work, or a portion of the proposed scope of work, is eligible for State support. Please review the grant funding information available on the Office of School Facilities web page at <http://www.nj.gov/education/facilities> for additional information, including the application process, eligibility, and critical deadlines.

**A. Grant Funding Priority Levels and Proposed Scope of Work: Indicate the proposed project scope of work in accordance with the three grant funding prioritization levels. If the proposed scope of work is not applicable to any of the prioritization levels and/or is not 100% eligible for State support, the project does not qualify for grant funding. If the project has work applicable to more than one level, the project will be prioritized in the lower level.** Please note that the Department will not confirm the district's priority level selection or make a final determination concerning priority level prior to grant approval or rejection notification.

## Level One

## Critical capital maintenance needs and program mandates

- Upgrades to essential building systems (Structural, HVAC, electrical, plumbing systems; Includes required refinishing work.)
- Building skin (Repair or replacement of roof, windows, masonry, etc.)
- Building code issues
- ADA upgrades (incl. site and building access, toilet room renovations.)
- Hazardous materials abatement
- Security and communications systems (incl. essential systems such as public address, telephone, security; Excludes program space relocation.)
- Site drainage (To remediate an existing problem; Not in conjunction with new construction.)
- Elementary school playgrounds (Upgrades to existing playgrounds only; Not applicable for new playgrounds.)
- Renovated or new early childhood classrooms (See Grant Funding Guidelines at <http://www.nj.gov/education/facilities>)
- Special population needs (See Grant Funding Guidelines at <http://www.nj.gov/education/facilities>)

## Level Two

## Renewal of existing buildings, overcrowding, and improving quality of instructional spaces

- Repair/replacement of existing building systems and components not included in Level One.
- Existing site upgrades, excluding athletic fields and tracks (incl. upgrades to paving, sidewalks, fencing, security lighting)
- Renovation and/or new construction of capacity-generating classrooms (Must pertain to at least 75% of impacted square feet)
- Technology infrastructure upgrades (Per Department's Technology Plan; Does not include equipment)

One or More Checklists and the Transmittal Must Accompany This Form when sending your submission package to the NJDOE. Please review all checklists to verify which are applicable. They include:

- **School Facilities Project Submission Checklist** **DOE Form - 121**  
 Use **Form-121** to I.D. submission requirements for your type of project
- **Various Land Acquisition and Disposal and Facility Closing Checklists** **DOE Forms - 150, 151, 152**  
 Use **Forms-150, -151, and -152** to I.D. additional submission requirements for projects involving Land Acquisition/Disposal or Facility Closing(s)
- **Temporary Facilities Submission Checklist** **DOE Form - 126**  
 Use **Form-126** to I.D. additional submission requirements for projects involving temporary facilities
- **Pre-Development Services Request. This is ALWAYS required for all Districts required to use the Authority.**  
 If this is a Pre-Development Application (a "Request for Pre-Development Services") **DO NOT USE THIS APPLICATION FORM. Instead, go to DOE Form-110, and utilize that in place of this form, because a request for pre-development services does not constitute a project application, but, rather, is a request for services prior to a project application.**

**Project Application Notes**

**SDA Districts (N.J.A.C.6A:26-3.9(d))**

- 1) Prior to project submission, a Pre-Development request must be filed, and activities must be undertaken by the SDA. One exception is Other Capital Projects approved by the Abbott District's DOE Budget Manager.

**Executive Order 215 of 1989 ("EO-215"):**

- 1) Projects approved for Preliminary Eligible Costs by DOE on or before December 18, 2001 are exempt from the requirements of Executive Order 215 per Executive Order 137 of 2001.
- 2) Projects initiated by the State, as well as school facilities projects in which the State is granting at least 20 percent financial assistance and which meet certain cost thresholds (as in 3 and 4 below) and which are not otherwise exempted (as in 5 below), are required to comply with EO-215, including the preparation and submission of either an environmental assessment or an environmental impact statement, as applicable.  
**NOTE:** The assessment or impact statement shall be prepared as early in the planning and design process as possible, but in all cases submission and review must be completed prior to site preparation and/or any construction activity for the project.  
 In the case of a project to be funded by the State, review of the assessment/impact statement must be completed by the DOE prior to awarding any financial assistance for the commencement of site preparation and/or any construction activity.  
 If the school facilities project is approved by NJDOE, the district must still submit to NJDOE the assessment/impact statement for their submission to NJDEP with sufficient time to review per EO-215, prior to site preparation or any construction activities or receipt of State funds for same.  
**(Submit 7 copies to NJDOE: 1 for NJDOE records, 6 to be forwarded by NJDOE to NJDEP for review).**
- 3) Projects are subject to a **Level I Environmental Assessment** requirement if total construction cost > \$1 million
- 4) Projects are subject to a **Level II Environmental Impact Statement** requirement if **both** total construction cost > \$5 million, **and** more than 5 acres of land is disturbed.
- 5) Exemptions include: (a) maintenance, or repair projects, (b) facilities or equipment replaced in kind at the same location, (c) Renovations or rehabilitation of existing buildings, (d) Expansion or additions of existing buildings provided that the expansion or addition does not increase the building's capacity by more than 25% (e) Projects subject to review pursuant to the provisions of the Coastal Area Facility Review Act (CAFRA) or the Municipal Wastewater Treatment Financing Program, (f) Projects which will require a full environmental impact statement pursuant to National Environmental Policy Act (NEPA), (g) projects classified as categorical exclusions pursuant to regulations promulgated in accordance with NEPA; or (h) Projects involving loans or tax exempt financing to private sector applications by departments, agencies or authorities of the State.

**Brief Description of Project:**  
 Various Alterations

This form supports the calculation of the Final Educational Review Fee for a School Facility Project Submission

**Note:** This form requires manually entered data. To Locate the Correct Cost Figures, please reference the District's Project Cost Forms (Forms 130 and 131) as they appeared at the time of FEC approval.

**1. Total Project Cost:**

(Enter Line 41 of Project Cost Estimate Form DOE-130 as existed at the time of F.E.C. Approval)

**2. Total Building Construction Cost subject to Final Review Fee:**

(Enter Line 20 of Project Cost Estimate Form DOE-130 as existed at the time of F.E.C. Approval)

**3. Final Educational Review Fee is based on the following schedule for ALL districts:**

Building Construction Cost	Fee Calculation
\$0 to \$ 1,000,000	0.005 of Construction cost subject to final review fee
\$1,000,001 to \$10,000,000	\$5,000 + 0.0025 of the amount above \$1,000,000
Over \$10,000,000	\$27,500 + 0.001 of the amount above \$10,000,000

**Fee Amount:**

**NOTE:** The "Fee" figure must MATCH Line 21 of CURRENT Project Cost Estimate Form DOE-130; if not - correct costs on Forms 130, 131.

## PROGRAM SUMMARY

### **Statement of Need**

The Wall Township Public School is proposing various alterations at Wall Intermediate School located at 2801 Allaire Road, Wall Township, NJ 07719.

The boys and girl's locker rooms, showers and PE offices will both be renovated. The existing locker rooms, showers and PE offices are dated and are not ADA accessible. The renovation will provide spaces with ADA accessibility, new interior finishes, fixtures and accessories.

Classrooms 101-110 are in poor condition and in need of repairs. The acoustic ceiling system, lighting fixtures, flooring and base will all be replaced. In each classroom the existing door and a portion of the interior wall assembly will be demolished and replaced with a new DOE compliant entryway.

Art Room #802 and Technology Lab #803 are both dated and overdue for replacement. In the Art Room the ceilings, light fixtures, floor and base, casework, and plumbing fixtures will be replaced. In the Technology Lab the ceiling mounted lighting fixtures, flooring and base, casework, and plumbing fixtures will be replaced. The existing entry door and a portion of the interior wall assembly will be demolished and replaced with a new DOE compliant entry.

 March (2nd Tuesday)  December (2nd Tuesday)  
 April (3rd Tuesday)  None

14. Application for Grant Funding Only

**Complete this section only if you are a Regular Operating District requesting consideration for grant funding.** The previous process for grant funding allocations has changed significantly. For a school facilities project to be considered for grant funding, the proposed scope of work must be 100% eligible for State support and be included in one of the priority "levels" described in Section 12B. If the project scope is not 100% eligible for State support and/or the scope of work is not included in one of the three prioritization levels, the project will not be considered for grant funding. However, a district may request debt service aid if the proposed scope of work, or a portion of the proposed scope of work, is eligible for State support. Please review the grant funding information available on the Office of School Facilities web page at <http://www.nj.gov/education/facilities> for additional information, including the application process, eligibility, and critical deadlines.

**A. Grant Funding Priority Levels and Proposed Scope of Work: Indicate the proposed project scope of work in accordance with the three grant funding prioritization levels. If the proposed scope of work is not applicable to any of the prioritization levels and/or is not 100% eligible for State support, the project does not qualify for grant funding. If the project has work applicable to more than one level, the project will be prioritized in the lower level.** Please note that the Department will not confirm the district's priority level selection or make a final determination concerning priority level prior to grant approval or rejection notification.

Level One

Critical capital maintenance needs and program mandates

- Upgrades to essential building systems (Structural, HVAC, electrical, plumbing systems; Includes required refinishing work.)
- Building skin (Repair or replacement of roof, windows, masonry, etc.)
- Building code issues
- ADA upgrades (incl. site and building access, toilet room renovations.)
- Hazardous materials abatement
- Security and communications systems (incl. essential systems such as public address, telephone, security; Excludes program space relocation.)
- Site drainage (To remediate an existing problem; Not in conjunction with new construction.)
- Elementary school playgrounds (Upgrades to existing playgrounds only; Not applicable for new playgrounds.)
- Renovated or new early childhood classrooms (See Grant Funding Guidelines at <http://www.nj.gov/education/facilities>)
- Special population needs (See Grant Funding Guidelines at <http://www.nj.gov/education/facilities>)

Level Two

Renewal of existing buildings, overcrowding, and improving quality of instructional spaces

- Repair/replacement of existing building systems and components not included in Level One.
- Existing site upgrades, excluding athletic fields and tracks (incl. upgrades to paving, sidewalks, fencing, security lighting)
- Renovation and/or new construction of capacity-generating classrooms (Must pertain to at least 75% of impacted square feet)
- Technology infrastructure upgrades (Per Department's Technology Plan; Does not include equipment)
