Shawn Erm was a high school senior in Wall, NJ when he passed away in 2021. Shawn was known for his generous heart, big smile and witty personality; those who knew him well also recognized the capacity of his talents in technology, his passion for racing and his inquiring mind. His thoughtful and considerate actions were beyond any conventional measure. Shawn had recently accepted a job repairing golf carts at Bel-Aire Golf Club and was known for his mechanic's mind and his incredible work ethic. Shawn's spirit touched the lives of people in his high school, in his community and amongst his racing family. He loved to volunteer working with the kids at the track and teaching them. He also loved going to preschools and setting up technology for them and teaching the kids how to use it. Please share your experiences volunteering and how it has impacted you.
